A FESTIVAL OF INTERNATIONAL UNDERSTANDING

Following the huge success of the European Choir Games and Grand Prix of Nations in 2015, Magdeburg – home city of Baroque composer Georg Philipp Telemann – will once again become a welcoming host for a dynamic and inspiring festival of choral music.

The Chorfest Magdeburg, which has been successfully organized by the Choir Association Saxony-Anhalt for years, will be enriched with an international choir competition by INTERKULTUR to create an eventful international festival to connect local choirs with singers from all over the world.
